

Four Community Foundations Receive Funding from the VriendenLoterij Fan Fund

5 May 2026

During the Keuken Kampioen Divisie Champions Dinner, it was announced that four community foundations connected to clubs in the competition will receive financial support from the VriendenLoterij Fan Fund. The Fan Fund is an initiative created through the partnership between VriendenLoterij, the Coöperatie Eerste Divisie and Eredivisie CV.

The grants have been awarded to projects that focus on the physical, mental and social wellbeing of supporters and their local communities.

- **Gezond in Mijn Streek Foundation**, affiliated with Roda JC Kerkrade, will receive €20,100 to support its schools programme in the region.

- **Schouders-Eronder Foundation**, a joint initiative of FC Den Bosch and Helmond Sport, will receive €34,500 for its “Rugdekking Regio Brabant” project.

- **FC Emmen Naoberschap Foundation** will receive €20,000 to further professionalise its Walking Football programme.

- **RKC Foundation**, linked to RKC Waalwijk, will receive €47,000 for its Community Champions project, which aims to improve engagement with young people in the local community.

Through this financial support, VriendenLoterij and the participating clubs are jointly investing in community programmes that generate a positive impact on supporters and the environments in which they live.

The Keuken Kampioen Divisie thanked VriendenLoterij for its continued support and wished all participating foundations every success in the further implementation of their initiatives.
